

Amir Jamali

Amirkabir University of Technology - Tehran Polytechnic

Contact information

Phone: +989123970029

email1: a.jamali@aut.ac.ir

email2: jamali.amir@gmail.com

URL: <https://amir-jamali.github.io/>

Linkedin: <https://www.linkedin.com/in/amir-jamali/>

Born: January 25, 1983—Tehran, Iran

Nationality: Iranian

Current position

Researcher & Developer in computer vision, machine learning and data science at Faraadid Company

URL: <http://www.faraadid.com/VisitorPages/default.aspx?itemid=3>

Linkedin: https://www.linkedin.com/company/faraadid?trk=company_logo

Areas of specialization & Interests

- **Image Processing**
- **Computer Vision**
- **Deep Learning**
- **Camera Calibration Issues**
- **3D Reconstruction Using Single or Multiple Cameras**
- **Machine Learning**
- **Data Science**
- **Network Cyber security(ipfix data)**

- **Electronic Circuits Design(Schematic and PCB)**
-

Education

2001-2006	B.Sc in Electronic, K. N. toosi University of Technology Thesis : Three Phase Three level Matrix and Diode Clamp DC/AC inverter
2012-2014	M.Sc in Electronic-Digital-Systems, Amirkabir University of Technology - Tehran Polytechnic Thesis : Sparse and Dense 3D face Modelling based on 2.5D AAM Approach from a single image To see a brief review of my thesis please click Here . GPA : 17.07/20

Grants, honors & awards

2012	Nationwide Universities Entrance Exam for Graduate Programs in electronic Engineering –Artificial Intelligence (M.Sc. Konkoor) Ranked 56th out of approximately 30000 contestants
2016	One of my professional project Fire & Smoke Detection is successfully tested in real condition at Department of Environment of Iran fire extinguisher maneuver at Ilam state in Iran. For more information please visit Fire & Smoke Detection Section at Here

Publications & talks

JOURNAL ARTICLES

in preparation	“Sparse and Dense 3D face modelling from single view face image”
----------------	------------------------------------------------------------------

Teaching

2013-2014	Electronic lab instructor at Amirkabir University of Technology Department of Computer Engineering and Information Technology
-----------	-----------------------------------------------------------------------------------------------------------------------------------------------

M.Sc Courses

COURSE	GRADE
Digital Signal Processing	A
Image Processing	B
Data Communication Networks	A
Neural Networks	A
Machine Vision	A
Sele. Top. in Electronic(3D Computer Vision)	A
Statistical Pattern Recognition	B
Computational Intelligence & Its Applications in Mechatronics	A

Work Experience

2009-2012 Linear and Switching Power Supplies Design(PCB & Schematics) for 1KW Radio FM Transmitters at [K. N. toosi University of Technology](#)

2014-2017 Research & Develop following application in C++ and python at [Faraadid Co:](#)

- **Face Recognition using Deep Convolutional Neural Networks**
- **People Counting from bird's eye View Camera**
- **Fire and Smoke Detection**
- **Intrusion Detection in forbidden Areas**
- **Camera Tampering Detection**
- **Abandoned Object Detection**
- **Network Anomaly Detection from Online ipfix Data**
- **Network Anomaly Detection(Network Cyber security)**(by applying machine learning techniques to online ipfix Data)
- **Car License Plate Detection, Recognition using Deep Convolutional Neural Networks**(including online report of breaking law cars' position from serial port GPS receiver to remote database)

To see a brief review of my professional Projects please click [Here](#)

.

Academic Membership

Student member of 'Institute of Electrical and Electronics Engineers IEEE' (Iran Section) Member No: 92904433

Language Skills

- **Persian** : Native
- **English** : Fluent
- **Arabic** : Familiar

Technical Skills

- **Programming Languages and Development**
 - C, C++, Python, Matlab, Matlab(MEX), BASH, Qt Framework, gcc, g++
- **Web Server and Database**
 - MySQL, phpMyAdmin

- **Source Control**
 - Git, SVN
- **Source Control**
 - Git, SVN
- **IDE**
 - Visual Studio, Qt Creator, Spyder, jupyter notebook
- **Text Editors**
 - Vim, Latex, Office
- **Simulator Tools**
 - Orcad Pspice, Xilinx
- **PCB Hardware Design Tools**
 - Altium Designer
- **Machine Learning and Image Processing Tools and Libraries**
 - TensorFlow, MatConvNets and some experience with Caffe and Torch
 - OpenCV
 - Matlab toolboxes
 - LIBSVM
- **Operating Systems**
 - Linux, Windows
